

Quick clamp

SBF

Uses

Each size of the SBF speed clamp fits several duct dimensions.

The clamp is quickly and easily mounted: the band is pulled through the traction device (lock) to the position where it is to be fixed. Fold the traction device back and use a screw-driver to fix the position.

For indoor use.

Design

Band: 9 mm width, 0,6 mm thickness, AISI 430, with rounded edges.

Screw house: tempered galvanized steel, AISI 430.

Screw: zinc plated finish with dark olive finish.

Head with both slot and cross.

Screwing torque: 4 Nm recommended

Dimensions

- 60 - 110 mm
